Facilitator Guide

Objective: For facilitators only do not read aloud.

This exercise will help students strengthen their resolve to continue to fight for change regardless of any barriers or challenges your School Action Plan implementation may have presented.

Supplies: LEDA will provide Zoom room access as the platform for the delivery of this Calling All Colors lesson. Every CAC facilitator should have access to their school Zoom room, have granted access to their entire CAC group, and ensured everyone knows how to login prior to the session. *** Please also ask that every student has access to a pencil and paper to jot down their ideas.

Step 1 - Facilitator Read: First some logistics: We ask that if at all possible you turn your camera on for the important discussions and work we are going to do today and in each future lesson. Also, please keep yourself on mute unless you are speaking to eliminate any background noise.
