

# Lakeshore Ethnic Diversity Alliance

## Calling All Colors

### Calling All Colors...A Culture of Inclusion!

## Lesson 7 Activity: Speaking Up and Speaking Out!

### Facilitator Guide

***Objective:*** *For facilitators only do not read aloud.*

This exercise will help students overcome fear and anxieties about using their voice to share the great work they have achieved through your School Action Plan at the Spring CAC Conference.

***Supplies:*** LEDA will provide Zoom room access as the platform for the delivery of this Calling All Colors lesson. Every CAC facilitator should have access to their school Zoom room, have granted access to their entire CAC group, and ensured everyone knows how to login prior to the session. \*\*\* Please also ask that every student has access to a pencil and paper to jot down their ideas.

***Step 1 - Facilitator Read:*** First some logistics: We ask that if at all possible you turn your camera on for the important discussions and work we are going to do today and in each future lesson. Also, please keep yourself on mute unless you are speaking to eliminate any background noise.

Welcome to the Calling All Colors Lesson 7!

Today we are going to engage in some activities that will help us overcome any fears we may have of sharing the great work we've achieved through our School Action Plan at the upcoming Spring CAC Conference.

\*\*\* ***Step 2 – Safe Space Rules:*** Remind your group of the Safe Space Rules. Since they were covered in lessons one and two you can forgo reading them.

***We have a lot of work to do so we're going to jump right in today!***

### **Speak Up and Speak Out Video Activity (5 minutes)**

This lesson will help us prepare to share all that we have accomplished with our Action Plan during the Calling All Colors Spring Conference!

<https://www.youtube.com/watch?v=sQuM5e0QGLg&t=125s>

***Facilitator Debrief Question:***

- 1. What was your biggest takeaway from Cole's Ted Talk?*
- 2. How do you think Cole did talking/presenting to the room of over 100 people?*
- 3. Some are natural speakers, and others have to work to grow in this area. How would you describe yourself?*

**School Action Plan Presentation (20 minutes):**

**Like Steven we have the task of presenting the work of our Action Plan to all of the other**

## **CAC Schools at the Spring Calling All Colors Conference.**

**We can be creative in our presentation, using video, YouTube, social media, posters, fliers, etc. Our presentation is up to us. But we want to provide a full understanding of all the great work we've done with our Action Plan.**

**The presentation should address these four outcome areas:**

- **The title of our Action Plan Campaign and reason why we chose it**
- **How we launched our Action Plan and got our school involved**
- **What the outcome was of how we improved our school**
- **What we learned and would do differently or better**

**Presentation Plan: (We will all have an equal part in the presentation!)**

**What manner do we want to use to present our action plan?**

- **How will we address Outcome #1 and who wants to help on this?**
- **How will we address Outcome #2 and who wants to help with this?**
- **How will we address Outcome #3 and who wants to help on this?**
- **How will we address Outcome #4 and who wants to help on this?**

**What tasks need to be accomplished before our next meeting together in preparation to present at the Spring Conference?**
